## MISSION

Our mission is to render conspicuously excellent education, with a scientific temper, multiple learning styles by developing the whole child and preparing them for the challenges of the future.

To create a purpose for learning and allow children to be thinkers, innovators and problem solvers; to orchestrate experiences that will result in a natural and integrated development of knowledge, skills and thinking.

## VISION

We have been leading by examples, creating dynamic, caring, learning communities that value 'The whole child'. Our vision is to develop a range of pathways to lifelong learning. Our belief is that all children should have the opportunity to experience the joy of discovery and develop a love of learning.

- ❖ To sustain and improve the quality of learning and teaching programs.
- ❖ To ensure that the curriculum is an ever-evolving entity, which aims to challenge, inspire and encourage all students.
- ❖ To demonstrate that active, experimental learning is more effective than passive learning gained through traditional teaching methods and that a learner benefits from active participatory learning methodologies.
- ❖ To ensure that the learning environment at Navnirman High is organised to facilitate experiential learning.

## GOAL

- ❖ To expose children the concept of service to the wider community and to those in need.
- ❖ To develop in students, high level of competencies, knowledge and skills.
- ❖ To develop and broaden the talents and interests of all students and encourage efforts towards excellence.
- ❖ To develop in students the self confidence and personal characteristics initiative, self -motivation, persistence, determination, critical thinking, self-discipline and enterprise that will prepare them to handle a wide range of situations in different contexts.
- ❖ To give students the capacity to work creatively and solve problems.
- ❖ To encourage students to take responsibility for their own learning and to view learning as an exciting, ongoing and lifelong process.
- ❖ To assist in the development of each child's cognitive, physical and creative potential.
- ❖ To recognize the increasing need to support working parents by aiming to complete most of the school day and extra curriculum development within the school. To provide time and environment for supervised 'Homework' session to take place.
